FOREWORD

Despite the importance of unity,
simplicity, symmetry, beauty,
and correctness, no effort of the
Staff's to achieve these has, at
any time, eclipsed the more im-
mediate purpose: that of truth-
fully representing life on the
campus during the school year

of 1927-28

JOSEPH BALDWIN

DEDICATION

We reverently dedicate this book to

JOSEPH BALDWIN

who made this school and its drawing power possible. Personalities like his call forth the better things in us and form the rich tradition of this school

Of all the men with whom I came in contact during my years as a student, none made a deeper impression upon my mind for earnestness, sincerity and character than did Professor Baldwin. Probably no man in the educational world of his day had a greater influence than he upon the teaching fraternity of Missouri and neighboring states.—JOHN J. PERSHING, *General of the Armies*.

Student Council

THE Student Council has become recognized as a permanent and active body on this campus. It is composed of two representatives from each class, an upper class council woman, an upper class council man, President, Treasurer, and Secretary.

In the Spring of 1927 the election was very interesting, as a consequence of the two major parties in the field.

This year the council has undertaken new responsibilities as it has the duty of selecting the editor in chief of the Index who is responsible to the council. It sponsored a large football banquet and dance which it is hoped will be an annual affair and has been placed on next year's social calendar.

The social committee has made careful plans this year which included the annual Christmas party, a George and Martha Washington masked ball, a successful all school party and several other functions and dances.

The Student Council functions in the true sense only as long as it is representative of the students who foster it and as long as it works in harmony with the administration.

It is the medium through which the students may express their voice in the government of the school which they attend and they will take pride to feel they have aided in formulating the student policy.

Under Don Faurot's able direction the '27 football squad developed into a formidable, smashing machine that drove its way relentlessly to an M. I. A. A. championship and a glorious victory over the Warrensburg Mules.

The record of the Bulldog football team for the year of 1927 was a remarkable one and outstanding for a school of this size. They plowed through one of the most difficult schedules in the history of the school to suffer but one defeat in nine games. The Bulldogs were turned back,

only after a terrific battle, by the Emporia Teachers of Emporia, Kansas, a team that was recognized as one of the strongest college teams in the Middle West.

In addition to sweeping through the Conference with a clean slate the Bulldogs scored victories over the strong Penn College team, Chillicothe, Central and Westminster. They piled up a total of two hundred and sixty-nine points to their opponents' fifty, showing the effective-

ness of their hard, driving offense and a determined, stubborn defense so characteristic of Bulldog teams.

Kirksville placed five men on the first all-state mythical eleven, including the captaincy, and six on the second team. They also had two of the leading scorers of the Conference in Levi Craig and Chauncey Simpson.

The season opened September thirtieth, when the Bulldogs played the strong Central

Eagles at Fayette. A sea of mud retarded the strength of both teams, as a driving downpour of rain which began about noon and continued throughout the game. Both Kirksville and Central scored touchdowns, but Kirksville was successful in kicking the place kick making the final score seven to six. The Bulldogs showed up exceptionally well and Simpson's sixty-yard run in the first play of the second half, for a touchdown was the feature of the game.

On October seventh the Bulldogs officially opened the football season on Kirk Field, by

handing the much-touted Westminster "Blue Jays" a twenty-one to nothing defeat. The game was unexpectedly one-sided and easily showed the strength the Teachers were developing. The game was featured by the brilliant performance of every Kirksville player; the perfect team work of the Bulldogs and their terrific drive on the offense.

It was October fourteenth, "When Don Faurot's hurricane unleashed their wrath on Penn College and buried them beneath the wreckage of a twenty-six to six disaster. Simpson and

At last, October twenty-first, Home-Coming Day arrived bringing with it the game with the Warrensburg Mules—the game that the Bulldogs had longed for and the one for which they were grimly prepared—vengeance. As expected the game was exceedingly hard fought; the

"old grads" were treated to thrill after thrill and how they supported their team and celebrated jubilantly when the Bulldogs fighting as they had never before proved their superiority by pushing across a nineteen to thirteen victory. Kirksville crashed the Mules mercilessly during the first three quarters and piled up a nineteen to nothing score, in the last quarter with a flock of Bulldog reserves in the game the Warrensburg Mules fighting desperately and gamely pushed over two touchdowns. Thus ended the hectic game and the Championship was within the grasp of the Bulldogs.

The same week end brought another victory to the K. S. T. C., when the Bullpups trounced Quincy College, nineteen to eight in a hard fought battle. The entire team of reserves showed up well. Beavens and Green scored the touchdowns.

On October twenty-eighth the Bulldogs clashed with the famous Yellow Jackets from the Kansas State Teachers of Emporia. The game was staged in Kansas City on Muehlebach field and a thrilling battle was provided for the spectators. Emporia won the inter-conference battle by a close score of sixteen to thirteen. In scoring upon the Yellow Jackets within the first ten minutes of the game, Kirksville went across a goal line that had not been crossed for three seasons. The Bulldogs were outplayed in the first half, but staged a wonderful comeback in the second. They held the terrific driving horde of Yellow Jackets, pushed over a touchdown and constantly threatened and harassed their opponents with an aerial attack.

Kirksville won its second conference game on November fourth, and practically clinched the championship by overcoming a determined and strong opposition of the Springfield Bears. A forty-eight yard sprint by Levi Craig in the last four minutes of the game placed the ball on the two-yard line and Simpson plunged over for the only and winning touchdown of the game.

The Bulldogs won their sixth victory of the season, November eleventh, by an overwhelming score of forty-two to three over the Chillicothe Business College. On the following week the Kirksville grididers had an easy time with Cape Girardeau. They handed the Cape boys an eighty to nothing defeat, pulling every sort of play possible in their fun but the Indian defense could not hold them down. The score of the game and the performance of the reserve men plainly indicated that the Bulldogs were a team of championship caliber.

The Bulldogs closed the season on Thanksgiving Day by crushing the Maryville eleven by a score of fifty-six to six. Thus ended one of the most brilliant seasons in the history of football for K. S. T. C., with the Bulldogs proffering to the College a one-thousand percent Conference Championship.

Basketball Season

THE basketball season was officially opened here on the night of January seventh, when the Bulldogs defeated the Chillicothe Business College in an easy game by the score of forty-two to twenty-six. The team displayed championship caliber against the Ducks, flashing a powerful defense and ever-dangerous hard-driving offense. Levi Craig stepped into his well-known stride and was high point man with fifteen points.

On the following Tuesday night the Bulldogs scored their second victory of the season over Kemper. The team came from behind in the second half to administer a forty-six to twenty-two defeat. Levi Craig again "ran wild" and scored twenty-three points. The guarding of "Aggie" Craig and "Hoot" Fuerst was also a feature.

On January twelfth, the Bulldogs lost a hard fought game with the Kansas City Athletic Club by a score of fifty-one to thirty-three. The team made a good showing against the famous Blue Diamonds, and had them somewhat puzzled throughout the first session.

with their hard-driving, shifty offense. Upon the following night the Bulldogs redeemed themselves by winning a close game from the Saint Joseph Junior College by a score of thirty-two to twenty-one.

On January twentieth, the Bulldogs engaged Cape Girardeau in the first Conference game of the year. It was hard fought throughout. At the end of the first half Cape lead by a score of sixteen to fourteen, and in the second half the score was tied several times, but with three minutes to go the Bulldogs staged a brilliant offensive and tucked the game away safely by a score of thirty-three to twenty. On the next night the boys lost a game to Concordia one of the strongest teams in Saint Louis. Inability to hit the basket in the first half cost them the game. The final score was thirty to nineteen.

The basketball fans were offered a rare treat on the night of January twenty-fifth and twenty-sixth, when De Bernardi brought his famous Cook-Paint team here to engage the Bulldogs. The boys lost both of the games against the since-crowned National Champions but their team-work and clean play brought an unqualified support from a crowd that packed Kirk Auditorium. The first game was fast and hard fought, the Bulldogs, however,

JAMES STREETER, *Forward*

CLAUDE EGGERT, *Forward*

were not able to cope with the machine-like offense of the Cook Painters; the final score was twenty-nine to seventeen. The score of the second game was thirty-eight to nineteen.

On February fourth the Bulldogs left on the most difficult and crucial trip of the season to play three Conference games. The boys lost their first game to Warrensburg by a score of forty-six to thirty-three, but some cheer was found in the fact that the Bulldogs broke even with Springfield. The first game with them was close and hard fought, the score being twenty-five to twenty-one. However, on the following night, by playing a stellar defensive game the Bulldogs emerged triumphant by a score of twenty-eight to nineteen.

By scoring a double victory over Cape on the nights of February tenth and eleventh, by scores of thirty-one to twenty-five and thirty-four to twenty-six, the Bulldogs again began their drive for the M. I. A. A. championship.

Next week the Bulldogs engaged the strong Maryville team on their home court and against great odds and heroic effort were able to split honors with the Bearcats. The first game went to the Bulldogs by a score of twenty to fourteen. Maryville took the second by a score of thirty-eight to sixteen.

FRED FAUROT, *Forward*

The crucial game of the season was ushered in on the night of February twenty-second. The Bulldogs met their old enemy, Springfield, on the home court. It was a desperate game for the M. I. A. A. lead, and possibly the championship, was at stake. The battle raged back and forth, the teams playing neck and neck until near the end Springfield, led by the dazzling stars, Fox and Stark, forged ahead. But the Bulldogs playing like demons came back and lacked only two points of tying the score. The gallant spurt was in vain and the final score was thirty-eight to thirty-one in favor of Springfield.

On the following week the Bulldogs and the Warrensburg Mules split a hard-fought series of two games on the home court. The Mules won the first game by a twenty-one to twenty-six victory, but on the following day the Bulldogs clearly showed their superiority by taking the second game by a score of forty-five to twenty-seven.

The Bulldogs closed the basketball season in fashion by a victory over Maryville by a score of forty-two to thirty. Captain "Hi" Simmons and Levi Craig playing their last games for the K. S. T. C. were in fine form and closed their careers in glorious fashion.

Review of Season

THE Bulldogs have well kept pace with the larger school class competition that has steadily advanced in and out of the M. I. A. A. conference and the Kirksville track team of 1927 as a whole achieved many worthy feats.

CHAUNCEY SIMPSON, Hurdles and Dashes

DALLAS PERRY, Pole Vault

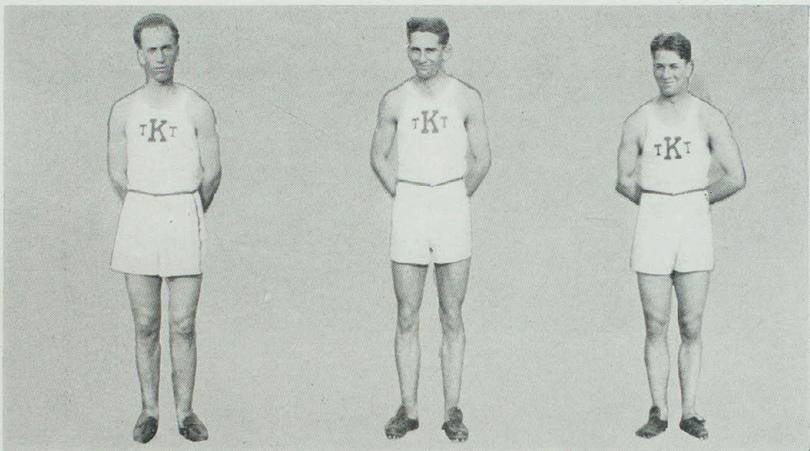

COACH DON FAUROT

The season opened with a victory over Culver-Stockton, when the Bulldogs smothered the Wildcats by an eighty-seven to forty-seven score.

On April thirtieth, Kirksville defeated Kemper by a sixty-eight to fifty-seven score, this was Kemper's first defeat in a dual meet in ten years. Simpson ran the 100-yard dash in nine and four-fifths seconds which broke the state record of ten seconds.

The Bulldog track team suffered its first defeat of the season when they were beaten

by Central at Fayette. Captain Vail was outstanding in his performance in the Shot-Put and Discus events.

In the Triangular Meet which was held at Maryville, the Bulldogs were successful in gaining fifty-two points to earn second position.

On May twenty-first the State Meet was held at Kirksville and many new records were established. The Bulldogs were able to place third in the fast meet in which seven

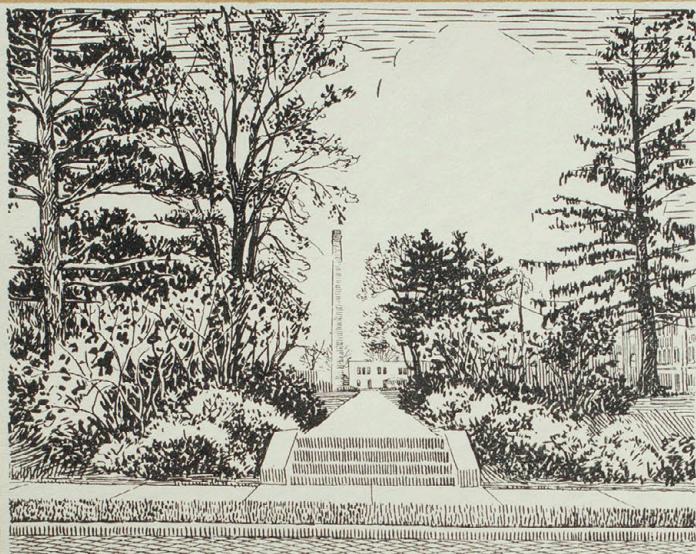

records fell and two were tied. Kirksville and Springfield fought desperately for second place until the relay races where Springfield amassed enough points to win. Two Kirksville men set new records: Captain Vail established a new sixteen-pound Shot-Put record at forty-three feet, one and one-half inch, while the redoubtable Levi Craig raised the standard in the high jump to the mark of six feet and one inch.

The Echo

THE Echo Staff is partly an elective body and partly an appointive body. The Editor-in-Chief and the Business Manager are elected every spring and with the two staffs, editors and managers, appointed by them in the fall, produce the Echo for that school year.

This is the thirty-first volume of the book and every staff has very commendably attempted to make its publication more attractive; but while beauty has been partly our objective we have placed truthful representation above it and have attempted to stay adroitly out of the competition, making the book attractive in a different sense.

The Index

THE Index has been justly named since it serves as an insight to the various happenings of the faculty and the student body. There have been several publications under different names, the first being the "Midsummer," issued in 1888 by a class in rhetoric and consisting of four pages. The paper now is and has been for several years published under the supervision of the class in Journalism.

The Index, serving as a laboratory for the practical study of Journalism, is a weekly publication and ranks with the best of the papers of other colleges. A complete file of these numbers is kept and is an important source of information concerning the history of the school.

MUSIC
AND
STAGE

Dramatic Club

THE past year has been one of the most productive years that the Dramatic Club has ever experienced. The quarterly full-evening plays have been unusually well chosen and performed. Last spring, the play was "Rollo's Wild Oat," by Clare Kummer, directed by Mr. John Shaver. This was an interesting, modern comedy. The big summer production was "Twelfth Night," a Shakespearean comedy. "The Romancers," by Edmond Rostand was presented twice in Kirksville during the fall, once for the visitors attending the Northeast Missouri State Teachers meeting, and once for the usual audience. Mr. Cliff Cornwell directed both "Twelfth Night" and "The Romancers." The winter quarter play has been called by the majority, the highest peak in achievement that the Dramatic Club has gained so far since its birth in 1911. The play in question was a satirical comedy by Marc Connelly and George S. Kaufman, called "Beggar

Dramatic Club

on Horseback," and directed by Mr. Claude Shaver. This was a play having popular appeal as well as being one to which interested those interested in the more technical side of drama, who noted the rapid scene shifts, the lighting effects, and the complete feeling of illusion which was produced.

The Thalian Guild, an organization within the Dramatic Club, has spent a profitable year. The players of this group presented "The Romancers" as the circuit play. They visited many of the neighboring towns, going in the college bus or in cars and always carrying with them their own stage scenery and properties. Audiences have always showed great appreciation of this treat of drama, which is often the only entertainment other than the movies which visits these small towns. The Thalian Guild Players, along with The Good Friends Company, an organization from the Speech Club doing similar work, were given a write-up and picture space in the St. Louis Post-Dispatch because of their unique work.

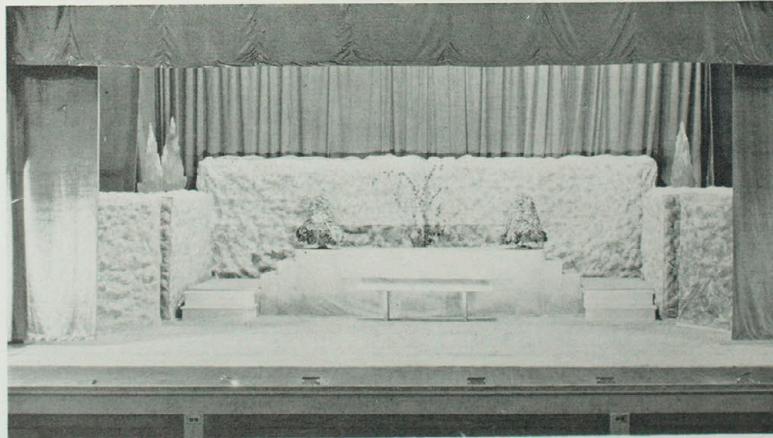

Dramatic Club

Thursday evening always finds a large crowd gathering in the Little Theatre for the regular Dramatic Club meeting. At this time a one-act play, memorized and costumed is given. Because of the interest townspeople have shown in these weekly productions, each play is given twice, once at 6:45 for visitors, and again at 7:15 for members of the club. Recently Mr. Wise has devised a scheme whereby plays written by students in his Dramatic Composition classes are staged at these meetings. In this way the Dramatic Club performs the function of a laboratory for student writers.

A rapidly growing wardrobe is maintained to costume the plays. This is self-supporting and gives the neighboring schools the opportunity to secure costumes at a very small rental price.

Dramatic Club, however, has a great deal of fun, besides doing its constructive work. There are such occasions as the summer picnic, the Not-Yourself party

Dramatic Club

in the fall, and the Mulligan Stew in the winter. Or perhaps one of the teachers invites those interested in drama to spend the evening at his house and they read a play together or enjoy some music.

Its chief function is to further the interests of good drama not only in this school but in all neighboring schools. It accomplishes this by keeping in close contact with teachers it sends forth, the publishing of bulletins, and the manifestation of a general interest in all dramatic attempts.

The outstanding feature of the Dramatic Club is its feeling of friendliness. There is no other organization on the campus which has a stronger esprit de corps or better morale. Each member feels an interest in and a dependence on every other member without any forced loyalty. Anyone who has had any connection with the club cannot help noting and remembering the friendliness, splendid co-operation, dependability, and willingness to work, that is manifested here, and the distinct atmosphere that greets one in "Ye Friendly Little Theatre."

The College Chorus

THE CHORUS is an organization which gives students an opportunity to discover their musical talents. In past years this organization has given public performances of many grand operas, light operas and choral works. Prominent among these are:

Grand Operas: "Il Trovatore," "The Bohemian Girl," "Tannhauser," "Martha," "Stradella," "Carmen," "Mignon," "Maritana."

Light Operas: "Pinafore," "The Gondoliers," "The Mikado," "Pirates of Penzance," "The Sorcerer," "Patience," "The Beggar Student," "Chimes of Normandy," "Ermine," "El Capitan."

Choral Works: "The Creation," "The Seasons," "St. Paul," "The Messiah," "Elijah," "Olaf Trygvason," "The Deluge," "The Swan and the Skylark," "The German Requiem."

For the present year the emphasis has been on choral music instead of on opera. A beginning has been made in A cappella singing. This will be developed. Through this organization, the College Chorus, many fine voices are found. Often they are possessed by students who least suspect that they have good voices. It was in this organization that Phradie Wells, now soprano with the Metropolitan Opera Co., New York City, had her first experience in singing.

The Kirksville Choral Society

Those students who become the most proficient singers in the College Chorus are admitted to membership in the Kirksville Choral Society, an organization of carefully picked singers. This society will give public performances at various times through the year, of large and small choral works. The Choral Society is made up of singers who are in love with this type of work. There is no credit given for singing in this organization. Every member is in it because he is genuinely interested in developing fine choral singing. From the spirit manifested in the society, which at the time of this writing is only three weeks old, we predict for it a very happy future.

The Division of Arts

THE purpose of the Division of Arts is to offer to the student, or prospective teacher, of Fine Arts, Speech or Music, sound training, practical experience and the opportunity to base the formation of his artistic and cultural ideals on a thorough familiarity with the masterpieces of art in the field of his choice.

The work of the Division has been strengthened in various ways during the past year. Several faculty members have been away on leave of absence for purposes of study. Others will be away for a similar purpose next year.

The physical equipment of the Division has been improved. Offices and studios have been refurnished. Class rooms have been equipped with necessary apparatus for teaching. Many books, musical scores and records have been added to the library.

Substantial appreciation of what the Division has to offer in cultural training for life or professional training for teaching has been evidenced by a gratifying increase in enrollment, particularly in the number of major students.

Plans for the immediate future include the erection of an Arts Building on the campus which will bring the various units of the Division together under one roof and in rooms suited to their respective needs. Both faculty and students are looking forward to the realization of this plan with hopeful enthusiasm.

THE School of Nursing was organized in 1923 and is conducted in affiliation with the Grim-Smith Hospital and Clinic. The students are High School graduates between the ages of eighteen and thirty-five and are chosen from those who ranked in the middle and upper thirds of their classes in High School. They earn thirty hours of college credit during the three years that they attend the School of Nursing.

During the school year 1927-28 the School of Nursing put up strong teams in the Volleyball and Basketball Tournaments.

An Alumni Association has been organized during the past year.

There are eighteen graduates of the School of Nursing who have been given a diploma of "Graduate Nurse" and who have taken the examination conducted by the State Board of Nurse Examiners which entitles them to be known as "Registered Nurse."

THE Young Women's Christian Association is the only women's religious organization on the campus. Its purpose is to further the spiritual growth of the girls in the college and to this end it holds devotional meetings each week. Throughout the year very interesting programs have been given by faculty speakers, visitors to the college, and members of the organization. The girls have also enjoyed several social good times together.

The Y. W. C. A. has been carrying on some very interesting work this year. Members of the group have assisted the various churches and Sunday Schools of the town with their services. They have been raising a fund for the erection of a club house at some future time, and have secured and furnished a Y. W. C. A. office in the Kirk Auditorium building. The members feel that the work which has been accomplished makes the year a most successful one for the organization.

The members have sought in their daily life and contacts to observe the following which is the statement of the purpose of the Y. W. C. A. from the National Council:

We unite in the desire to realize a full and creative life through a growing knowledge of God.

We determine to have a part in making this life possible for all people.

In this task we seek to understand Jesus and follow him.

THE Speech Club was organized a few years ago as a successor to the Debate Club. The Club today sponsors speaking, reading, and debating. It has taken over the duties of the old Debate Club, such as promoting the Regents' Award, and intercollegiate debates. The Regents' Award was won this year by Gordon King and Forest Neale, after a series of interesting contests. The Pi Kappa Delta question, "Resolved, That the United States should cease to protect, by armed force, capital invested in foreign lands, except after formal declaration of war," was used in these debates and also in our inter-collegiate debates.

The Speech Club meets every Monday night with a program in one of the three fields, debate, reading, or speaking. While essentially an educational organization, the club contributes to the traditional good fellowship and friendliness of the Little Theatre and the entire Speech Department. A purely entertaining social meeting is held about once a quarter.

MRS. BESSIE STARR, Vice President

AUBREY HIBBARD, Secretary-Treasurer

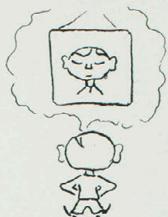

THE Language and Literature Club is an organization of the students who are majoring in the Language and Literature department. The purpose of the club is to enlighten the members in an interesting and entertaining way on subjects pertaining to Language and Literature. The Club was organized in November, 1926, by a group of students who believed that it would be a benefit to those students who are majoring in Language and Literature. The Club, though new, has continued to grow and has been quite active from the time of its organization.

Meetings are held every two weeks at which time very interesting programs have been given throughout the year. Faculty members have aided us very much with our programs, but one of the aims of the Club this year has been to have the students themselves participate in the programs and be responsible for them.

ALPHA SIGMA ALPHA was founded November 15, 1901 at the Virginia State Normal School. During the first ten years of its growth A. S. A. entered seminaries, finishing schools, colleges, and universities. By 1911 Alpha Sigma Alpha had established thirteen chapters but in 1914 a convention was held at Miami University during the Thanksgiving holidays at which time Alpha Sigma Alpha changed and became a National Teachers College Sorority. The constitution, ritual, symbols, and customs were changed and it was arranged that they should be conducted in accordance with the best Hellenic traditions. In the fall of 1921 Alpha Sigma Alpha entered the field of the teachers colleges of great universities, the first being Theta Theta in Boston University. It is the present intention of A. S. A. to enter no school not of the highest rank, and to consider none where the faculty is not in sympathy with the sorority.

Alpha Beta Chapter of Alpha Sigma Alpha was first known in Kirksville as Kappa Theta Psi but in 1914 it changed from a local to a National organization.

THE Blue Key Fraternity, known as the "College Man's Rotary Club," bears the same relation to the college that the Rotary Club bears to the community at large. Blue Key was founded at the University of Florida in the fall of '24. The decision to expand into a National Fraternity was made in February, 1925, and now after two and a half years of expansion there are chapters in 42 colleges and Universities throughout the country. The Kirksville State Teachers College chapter was organized Dec. 9, 1925 and installed April 5, 1926.

Membership is based on the following qualifications: (1) Scholarship; (2) Interest and affiliation with school activities; (3) Personality, and (4) Moral standing. It is limited to men having thirty hours of credit in this institution.

Alpha Phi Omega

ALPHA PHI OMEGA, national honorary-professional fraternity, was founded December 16, 1925 at Lafayette College, Easton, Pennsylvania. Since the founding of Alpha Chapter at Lafayette College four other institutions have installed chapters of the fraternity: Beta Chapter at the University of Pittsburgh; Gamma Chapter at Cornell University, Delta Chapter at Alabama Polytechnic Institute, and Epsilon Chapter at Northeast Missouri State Teachers College. Several other colleges are now petitioning for chapters.

In October 1927 the Faculty Council of this college endorsed the organization of a chapter of the fraternity. Ten students of the college then petitioned Alpha Phi Omega for a chapter. Two months later the Supreme Council of the fraternity granted a charter to the group and appointed Scout Executive Richard S. Griffith of the Kirksville Council as its official representative to install the chapter. The installation services of Epsilon Chapter were held December 13, 1927 and the officers were also installed at this meeting.

The purpose of the fraternity as stated in the national constitution "—shall be to assemble those who have had experience and training under the Scout Oath and Law, to revive the spirit of that Oath and Law, to develop friendship, to encourage service, and to enable its members to become leaders of America's youth through character-building, citizenship, college spirit and manly strength."

Membership in Alpha Phi Omega is open to college students of good scholastic and social standing who have been or are now members of the Boy Scouts of America. Honorary membership is granted by the chapter to men who are now leaders in scout work or who have been especially active in scouting in the past.

Alpha Phi Omega is still in its infancy but because it is the only fraternity of its kind in the world and because the scout movement has spread so rapidly, not only in the United States but in other countries as well, it is expected to become one of the strongest and most influential honorary international fraternities.

February 11, 1928

Mr. Roscoe McArtor,
Kirksville State Teachers College,
Kirksville, Missouri.

Dear Mr. McArtor:

After carefully studying the twelve photographs submitted to me, I have selected the four most attractive girls, as you requested.

The arresting beauty of the girl identified as Number 7 of Group 3 made her a double winner, as I have selected her as the "Queen of the School", as well as the most beautiful in her division. This young lady has exceptionally interesting eyes, among other pleasing features, and her coiffure is particularly well adapted for her type.

In Group 1, I selected Number 2; in Group 2 I chose Number 4, and in Group 4, Number 10, each having a combination of attractive features that led to her selection.

Thanking you for the compliment of your confidence in my judgment, and wishing "The Echo" great success, I remain,

Very truly yours,

Cecil B. DeMille

Dear Mr. McArtor:

I am sending you separately Mr. DeMille's letter and returning herewith the photographs of the beauty contestants.

The college beauty selected as "Queen of the School" by Mr. DeMille impresses me as being good looking enough to make a very good feature for one of those picture syndicates such as P. & A., N. E. A., or International News.

With kindest regards.

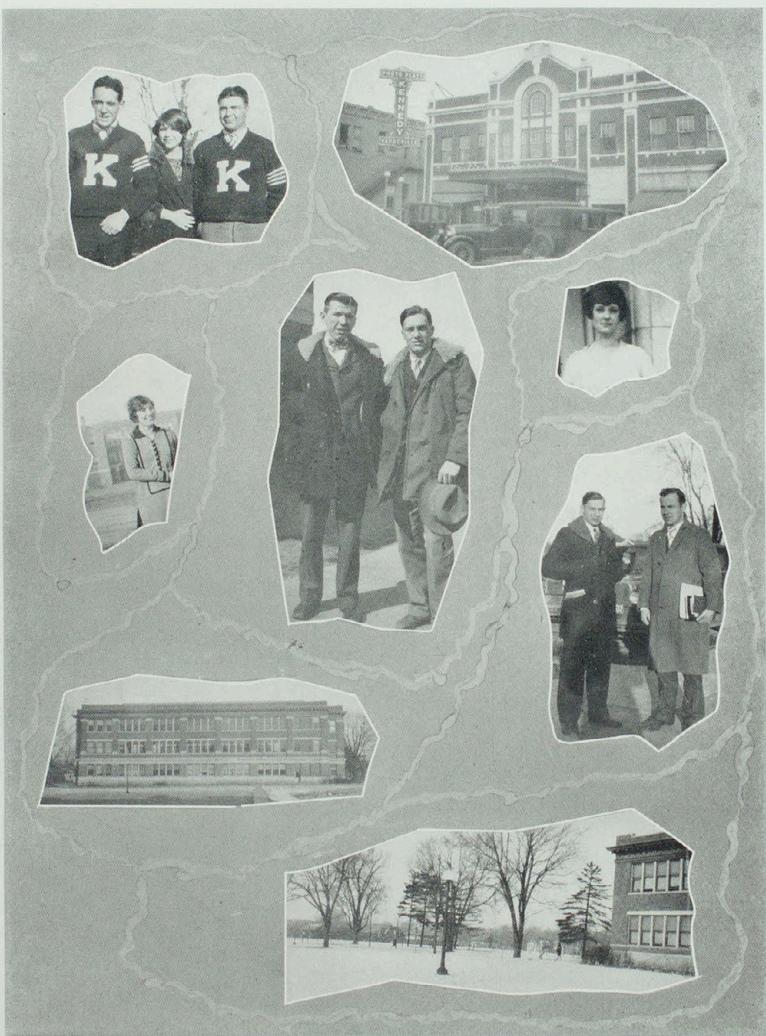

Very truly yours,

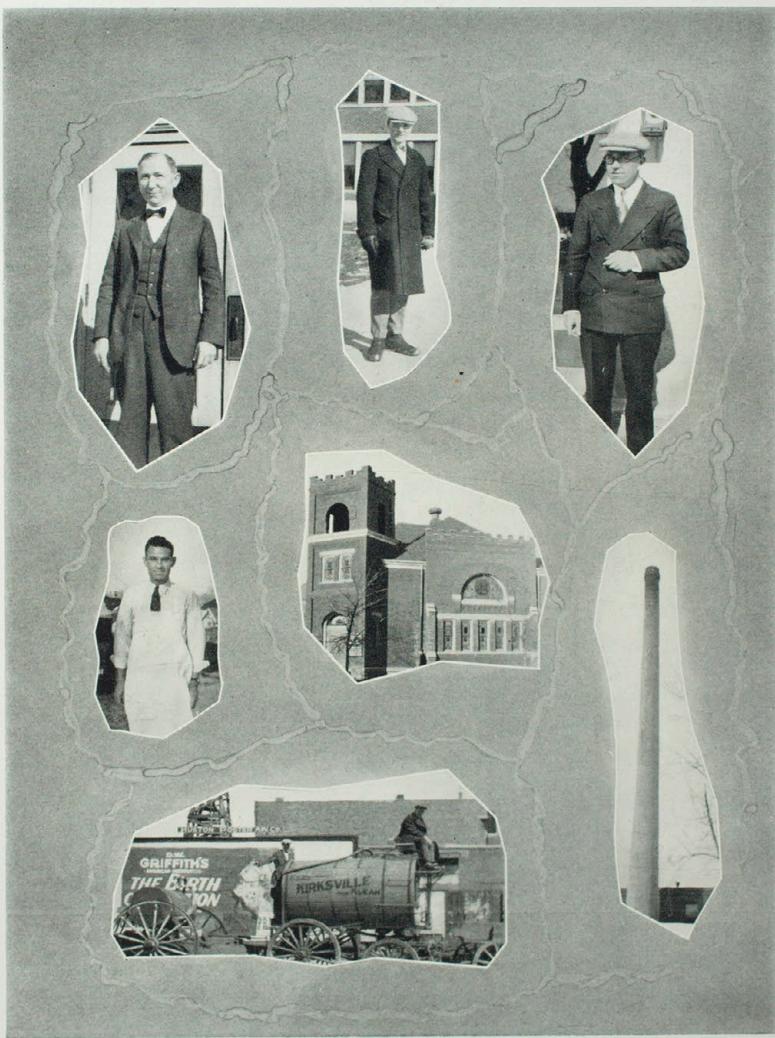

Charles F. West

L'Envoi

IT is an ancient fable that the Gods in the beginning divided Man into men, that he might be more helpful to himself; just as the hand was divided into fingers, the better to answer its end.

But social interdependence is not a perfect condition; nor does it approach perfection until the individuals of a society learn to govern, and discriminate in, their relations with associates.

So may we learn to be agreeable; to have sentiment without sentimentality; to recognize the shortcomings of humans without unnecessarily attributing mean motives or becoming cynical; and all such fundamentals of social conduct. And after we have gone may we look back and see this Teachers College as something more than a place to acquire the fundamentals of schooling and discipline.
